All products in this entry which have not been May Proceeded should be held intact and not distributed. FDA will not request redelivery for examination or sampling if the products are moved, following Customs conditional release to a location within the local metropolitan area or to a location approved by the FDA office.

Notify FDA upon actual availability, and include location and location identifiers, where applicable, for all lines in this entry.

FDA's Import Trade Auxiliary Communication System (ITACS) is the preferred method for submission of information related to the availability of goods for FDA examination. This submission will automatically link the information to the line designated for exam and will facilitate FDA's completion of examination. ITACS may be accessed at <https://itacs.fda.gov>
